

# Accounting for Success

BEYOND MOTIVATION

Basic Accounting any Business Owner  
Should Know

You care about making money,  
not balancing books. So it's  
time you learnt accounting for  
success.

# Take it from a Chartered Accountant

No matter the size of your business, there is accounting which can actually boost your profit and your chances of success.

The syllabus teaches accounting as an administrative task. We teach it as a tool for success.

You can position yourself for success, no matter your educational background.

This is not for good grades, this is for practical success.

**We are interested in your development, success and the fulfilment of your God given purpose.**

# What to expect

**1**

Business skills you can apply to any idea or running business.

**2**

Decision making skills based on practical accounting.

**3**

A new insight into business and the right use of numbers.

# LET'S BEGIN

This is one of the best decisions you have ever made. You have chosen to be deliberate about your success.

# Thank You
